## PRODUCT PROPOSAL PACKET

	1	2	3	4	5
<b>Product Proposal-</b> Each section is completed carefully and includes detail.					
<b>Market Research-</b> At least 2 examples of similar products are included and described in the proposal.					
A random survey was completed that included appropriate questions. Questions help to show whether there is a need for the product.					
Graphs reflect accurate survey results and are correctly labeled.					
<b>Design-</b> The design is accurate, neat, and specific.
